

PRECISION INSTRUMENTATION

PRECISION INSTRUMENTATION

As the oldest and one of the largest manufacturers of precision instrumentation, we have applied our experience in the design of outstanding gauges, thermometers and thermowells specifically for your applications. Our instruments are built to withstand the strict requirements of food processing, chemical and pharmaceutical plants, and function for many years with little or no maintenance. Our dedication to quality is not only evident in our products, but also in our customer service. We offer immediate availability on all products at reasonable prices. We feel so strongly about the quality of our products and service that we guarantee complete satisfaction.
